Dear Editor,

I am writing to thank everyone involved with the York County Association for Retarded Citizen Bike-Hike. The community has generously supported the ARC's Bike-Hike for 18 years and 1990 was no exception with pledges in excess of $35,000.

Much of the extraordinary success of the Bike-Hike is due in great part to our Bike-Hike Coordinators. This Year we had expert assistance from Robert Baker and Faye and John Smith of Dillsburg; Ed Blankenstein in Central York School District; Clare Clark in Dallastown School District; Stephanie Lesser in Eastern School District; Ruth Duncan and George Hoover in North Eastern School District; Nancy Weber in Southeastern School District; John Dickert in Spring Grove School District; Susan Keller in York City School District; and John Waybright in West York School District. Many, many thanks to these coordinators and their helpers. Additional thanks to Rutter's and Pizza Hut for supplying drink coupons and Mike Bonjo of Harley-Davidson for his support and active assistance.

Our very special thanks to every young person who gave up a beautiful Sunday afternoon to ride in the ARC Bike-Hike. The funds you raised will help support important ARC projects such as summer camping and retreat programs, supported employment, casework and advocacy assistance to individuals and families, and an after-school program. The gift of your time and energy is greatly appreciated.

Timothy Gibbs,
York County Association for Retarded Citizens

Franklin Township highlights

During the Franklin Township Board of Supervisors meeting on May 14 the board acted upon the following:

Mr. Ross Bricker questioned the possible expansion of cable TV on Tuckahoe Road. It was decided to review the contract with GS Communications.

Roadmaster Lerew was authorized to get someone to remove stumps along Coffeetown Road.

The board voted to accept the updated plan of Walmar Manor and to allow the mobile home on lot #5, lived in by Robin Heisey, to remain until August 15, 1990.

The board to approve the plan of Norman Hess subject to the establishment of a satisfactory figure for the storm water management and driveway improvements, improvement agreement and bonding or letter of credit to cover this and to add a statement concerning compliance with township regulations to item #9 on the plan.

The board disapproved the land development plan of George Watts on Capitol Hill Road due to the Engineer's comments and nonreceipt of the comments of the York County Planning Commission.

The solicitor reported that there is a hearing on the alleged sewage violation for Mr. and Mrs. Gladwin of Lost Hollow Road in May but that the township has requested a continuance of this to a later date due to the expected hospitalization of Mr. Grove (Sr.)

A letter was received from Attorney William Schrack, attorney for Leslie Lutz, saying that he is assuming that all aspects of the land development plan have been taken care of and asking the township to request the court order of $100.00 per day penalty (for contempt of court) be lifted to relieve Mr. Lutz from payment of the same. The board discussed this with Mr. Grove and Solicitor Fenicle and directed the secretary to send Mr. Schrack a letter explaining that there are still various items to be taken care of (sending a copy of the Grove review letter along) and noting that the board takes the position that all aspects and items must be completed prior to any action on the board's part (including payment of financial amounts due).

A letter was received from Attorney Ron Turo, Attorney for Michael Dubrinoff. Mr. Turo said that Mr. Dobrinoff intends to use the shed(s) on the property on Franklin Church Road-at his home- for storage use only and not for any commercial use. The board directed the Building Permit Officer to issue building permit for this with the limitation and condition that it be used for storage purposes only.

It was reported that the Eli Dobrinoff property on Franklin Church Road, formerly the site of Michael's Junk Yard, has now received junk and debris and, at least, one junked car-it appears that a former re-cycling operation on Rt. 74 near Dillsburg may have relocated to the Dobrinoff site. It was decided that the Solicitor will send a letter to Mr. Dobrinoff concerning this operation and the township ordinances with a 10 day limitation to bring the property into compliance.

The board voted to accept the $1,000.00 cash bond from Franklintown Borough Authority, to cover untrepaired damages to township right of way in the construction of a water line by the Authority (plans for the same were submitted to the township) and to issue a road occupancy permit, at no cost, for the same.

The board noted that the Dillsburg Borough Authority recently lent a sum of money to Dillsburg Borough. The board will send a letter to the secretary to send the Authority a letter noting that the board is happy that the Authority is healthy financially but questions the legal authority to simply lend out the money.

In view of added costs of testing paid to the SEO, the supervisors voted to increase the fee for soil testing from $225.00 to $245.00 and for the permit fee from $75.00 to $100.00.
